SUMMARY

Artificial Intelligence and Data Science graduate with experience in machine learning, workflow automation, and data analysis. Skilled in Python, R, SQL, Nextflow, Docker, and cloud-based environments, with hands-on experience building scalable data pipelines, predictive models, and end-to-end AI applications.

EDUCATION

Jansons Institute of Technology
CGPA: 8.6

2021 – 2025 *B.Tech in Artificial Intelligence and Data Science*

INTERNSHIP EXPERIENCE

Vizzhy (Vardhan SK Healthcare Pvt. Ltd.)
Remote

Oct 2025 – Present *AI/ML Intern*

- Developed automated data analysis pipelines using R and Nextflow for large-scale biological datasets.
- Implemented workflow modules for preprocessing, statistical analysis, annotation, visualization, and automated report generation.
- Optimized analysis workflows through p-value filtering, FDR thresholding, output validation, and performance improvements.
- Configured reproducible execution environments using Docker, Linux (WSL), Java, and Nextflow, and performed end-to-end workflow testing and debugging.

PROJECTS

House Price Prediction System

Aug 2025 – Sep 2025

- Developed a full-stack house price prediction application using Python, Flask, Scikit-Learn, HTML, CSS, and JavaScript.
- Built and trained a Random Forest Regression model using property features and implemented preprocessing using Scikit-Learn Pipelines and ColumnTransformer.
- Developed REST APIs for real-time predictions and integrated Hugging Face APIs for AI-powered result explanations.
- Implemented model evaluation, serialization, and deployment-ready architecture for scalable prediction services.

SKILLS

Languages: Python, R, SQL, Bash

Machine Learning: Scikit-Learn, Predictive Modeling, Feature Engineering, Data Preprocessing, Model Evaluation

Tools: Nextflow, Docker, Git, Linux (WSL), VS Code

Libraries: Pandas, NumPy, Matplotlib, Seaborn, NLTK, LangChain

Cloud DevOps: Azure, Containerization, Workflow Automation

Areas: Machine Learning, Data Analysis, NLP, Generative AI, Workflow Development
